more 4 you options and services by Toshiba

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: computers.toshiba-europe.com and/or contact Toshiba Technical Support. • One GB means one billion bytes, accessible capacity may be less. • Wired and wireless communication capabilities to be applied in countries where approved. • Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at computers.toshiba-europe.com. • Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. • Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. • SRS® TruSurround XT™ is only available for WinDVD applications. SRS® WOW™ is only available for Windows Media Player 9 in standard Windows interface. Please check your system specifications to ensure compatibility. • Microsoft® Office OneNote™ 2003 is not available in all countries. Wi-Fi and Bluetooth® to be applied in countries where approved. For further information contact your Toshiba Authorised Reseller. • Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis. • Not all Windows Vista features are available for use on all Windows Vista Capable PCs. Check: www.windowsvista.com/getready for details.

Toshiba is the best choice for advanced mobile computing.

Toshiba's unique heritage has grown from a single-minded dedication to these core brand values. Together, they have provided the building blocks for true product leadership over the past 20 years and will continue to drive Toshiba's vision of the ubiquitous networked society for years to come.

Best-in-class quality

Toshiba sets the standard for delivering reliable, high-quality products. After 20 years of leadership in mobile computing, Toshiba offers unrivalled manufacturing experience and in-depth product knowledge, enabling customers to choose Toshiba with complete confidence. Our component testing programmes incorporate the most stringent quality control checks. Toshiba's commitment to quality also extends to impeccable customer service and long-term product support.

Unsurpassed innovation

Toshiba's success is anchored by a proven ability to develop cutting-edge technologies. Systems developed by Toshiba lie at the heart of many notebooks on the market today. Over the past 20 years, industry breakthroughs have included the first notebook to feature onboard wireless connectivity and the development of the lithium-ion battery. More recent Toshiba innovations are revolutionising digital convergence. Unprecedented R&D investment will ensure advances for years to come.

Trend-setting design

Toshiba has a long heritage of delivering award-winning design. All Toshiba systems are created by in-house designers and Toshiba products regularly win prestigious international design and technology awards. Everything we do is about combining style with maximum functionality. User-friendly features combine effortlessly with ultra-lightweight cases and compact dimensions. These are status symbol notebooks, a pleasure to own and to be seen with.
